H. S. HULLABALOO

SOPHOMORES WIN DOUBLE VICTORY AT INTER-CLASS ORATORICAL CONTEST

By Secretary Chamber of Commerce
The wildest, jolliest, maddest, merriest time.

Glendale Union High School, last night.

Competitive class booth decoration.

Annual oratorical contest. Eighth brain battle.

Annual inter-class Hullabaloo.

That was the night they gave babies a fright.

With their Tara-de-Boom delight!

Then and there did the sophomores stampede the minute men and the half-minute women, armed with agricultural implements of war against bugs, caterpillars and cutworms.

Also, they blew up "Fort Junior" and put its defenders on the blink. Furthermore and likewise, those wise-mannered ones bombarded the seniors' stronghold, swept them with shot and shell, leaving them dazed, disorganized and desperately defeated, before these noble foes quite knew what had struck them out.

Why not??

It was no disgrace to have surrendered to such a battleship, no dishonor to be talked to a whisper by such a reincarnation of Stephen A. Douglass, the greatest orator this country ever knew, particularly when he of to-day, young as he is, was entirely in the right, with a patriotism undiluted by sectionalism, an eloquence unmarred by an inner sense of injustice fostered in a republic by an aristocratic oligarchy.

Last night's battle of brains was a revelation as to the possibilities of high school development of youthful oratory, dignified by a rare quality of statesmanship with an instinct for the best.

That masterly oration of Frank S. Balthis, Jr., is a classic. Filed among the archives of his school, it will be valued even higher and appreciated more ten years from now, after the stress of political prejudice shall have passed away and the achievements of President Woodrow Wilson, "The Man of the Hour," shall be fairly judged on their merits alone. I take off my hat to the young orator.

To fitly describe the scenes and doings in the High school auditorium last night would be too great a task for the wielder of this pen. (Sounds good—but, really, I'm pounding an old Rem.)

It simply impoverishes description. Miles have I traveled—

Fifty thousand miles or more;

But a scene like that in high school hall,

I never saw before.

The kinetic ictus of such tense, concentrated, explosive PEP will affect the thought of the world. It was something terrific, difficult to realize, to appreciate. Transmuted into destructive dynamics, it would annihilate a distant army—like the Vril Ya of the Coming Race.

Woe be to an invading foe if such hysterico-magnetics be concentrated with malignant directness against him, be he Hohenzollern, Hapsburg, Turko-Nipponeese or another.

It was a wonderful exhibit of High School initiative, invention, wisdom and wit, reason and revelation. Small wonder that Professor Harry L. Howe is proud of his proteges, pleased as Punch over their personal pep, their super-preparedness, their integral initiative, their continental constructiveness, their excellent executiveness and their paramount patriotism.

What professor of history, even in the greatest university, would not be pleased and proud of such understanding, appreciation and application of basic historical ideas as was demonstrated by those four classes of our High School last night. Those privileged to enjoy it need no description. Those so unfortunate as not to be there, would get small understanding from mere printed words.

But, vocal pyrotechnics and verbal velocities aside, those four booths and their respective class orators wonderfully illustrate the progress of our wonderful country. Well did the poet write: Better fifty years of Europe than a Cycle of Cathay." As the chaotic old world stands to-day, Byron might even truer write,

Better fifty years of New World, Than a cycle of the Old.

The valiant "Scrubs" had the courage of their conviction: all for construction; all for the victories of peace, no less renowned than war. So far as go man-moulding, woman-weaving and state-stabilizing, the hoe is mightier than the sword, and the constructive spirit of '17 is continuously more realized as an evolu-

AUTO COLLISION

FAMILY OF HARRY MOORE AND H. B. KNELLER IN SERIOUS ACCIDENT

A serious accident occurred late Friday night in Glendale when Harry Moore, proprietor of Moore's chili parlor on Brand boulevard, was returning to his home at 1565 W. Seventh street. Mrs. Moore and her little daughter Gladys had come to Mr. Moore's place of business during the evening and waited until closing time to return home with them. Between eleven and twelve o'clock they started home in the car and picked up H. B. Kneller, 1022 West Third street. When turning into Central avenue they were struck by another car with terrific force, the impact cutting Mr. Moore's car in two. Mr. and Mrs. Moore were terribly cut and bruised, little Gladys suffered a basal fracture of the skull and may be fatally injured, and Mr. Kneller was jammed under the steering wheel, receiving serious injuries, the extent of which can not yet be determined.

Mr. Moore was dazed, but when he was able to look around he saw another auto standing near. He believes that to have been the one that struck him, although the driver said he was not the guilty one. The injured were taken to the receiving hospital, where their injuries were attended to. Those who know Mr. Moore testify to the fact that he was a careful driver and it is to be hoped the cowardly person who caused the accident and offered no assistance will be located.

SOCIAL TEA ON MONDAY

The Rector's Guild of the St. Mark's church will give a social tea at the home of Mrs. LeRoy Bosserman on Monday, April 23rd. An interesting program has been arranged and during the afternoon a silver offering will be taken for the St. Mark's apportionment of the Pension Fund. Tea will be served from 2:30 o'clock until 5.

HOME FROM HONEYMOON

Mr. and Mrs. Chas. Klamm, whose wedding was a recent social event at Tropic, are home from their honeymoon and are ready to receive their friends in an attractive home in the Richardson tract in Tropic.

tion of the fierce intensities of the Minute Men of '76.

And Olive Taylor, their fair young Portia, is deserving of the best Glendale could give.

The double duties and privileges of both war and peace, so aptly and so ably, yet so differently expressed by the juniors and seniors in military fort and camp, were good, brave and beautiful to look upon, interesting to study in scope and detail. Their respective orators, Harland Durand and Harold Venske, each in a masterly way, did honor to his subject, his teacher, his school and himself.

But, aside from the artistic, the practical, the scientific and the fiercely interesting, those up-to-date sophomores did the timely thing; realizing that fifty million land soldiers and vast cohorts of Red Cross nurses (God bless them both) could not save our coast cities from sure devastation by foes that come on or under the sea, those wily sophomores (inspired by the god-of-things-as-they-be) concentrated their patriotic preparedness on our Navy, our pride in times of peace, small as it was, and our hope in time of war, puissant as it is now known to be. The steel shark of the deep seas who bites from afar has small terror for our country now. Our wise president is super-prepared in the place preparation was most needed. Patient, he watched and waited while he secretly worked. When the crucial hour at last struck, he hurled defiance in the teeth of Europe's mightiest War Lord, and the American nation—faced by a condition, not a theory—stands by to make that defiance good, to the ultimate of its puissance and patriotism. It was the keen, receptive sophomoric understanding of that basic truth and their masterly presentation of it in both booth and oration, which enabled those splendid youths and maidens to capture both the hard-fought prizes last night.

Judges who awarded the palm in the oratorical contest to the sophomore representative were Prof. H. G. Shearin, in charge of the English department of Occidental College, Miss E. Dowling, of the Oral Expression department of Hollywood High School, and Principal M. M. Livingston of Burbank High School.

Sophomores, the Glendale Chamber of Commerce, also, is paramountly proud of you.

FORD WINS DYAS CUP

JESSE E. SMITH OF LOCAL AGENCY JUBILANT OVER FEAT

Driver Jack Creson and crew in the Ford car belonging to E. P. Hillis, Ford agent at Barstow, are winners of the Dyas cup, having driven the first Ford car into Big Bear Valley, with the nearest contestant six miles behind them.

One minute after midnight on the night of March 15th Creson and crew, composed of Oscar Anderson and Albert Craig, left San Bernardino over the Mill Creek road and got as far as Seven Oaks, when Craig was taken ill. Rules of the race are that if any member of the crew leaves the car a new start will have to be made, so Creson returned to San Bernardino, where A. W. Johnston took Craig's place.

On April 4 Creson made the new start from San Bernardino and made wonderful progress through mud and snow which in places reached the depth of fourteen feet, and arrived at Grant's Boat House at Big Bear Lake on April 11 at 12:30 a. m. I. J. Laughton checked the car in. The route was a distance of 74 miles and reached the elevation of over 700 feet.

Jesse E. Smith of the local Ford agency is happily excited over the success of the "Car Universal."

NEIGHBORLY MISSIONARY WORKERS

One of the most enjoyable meetings of the Woman's Missionary Society of the First Congregational church was held in the church on Thursday of this week. The ladies of the East Los Angeles, Eagle Rock and La Canada societies were the guests of the local organization and were entertained at a 12 o'clock luncheon at which 69 were served. The afternoon program was very entertaining. Mrs. George Adams, president, presided in her usual gracious manner. Mrs. McCrea, a returned missionary from China, gave a very instructive and entertaining address in regard to the progress of the work and the customs in that country. During the day Mrs. A. R. Chappell, Mrs. W. D. McCrae, Mrs. C. M. Van Dyke and Mr. Ralph Beers contributed musical numbers which were thoroughly enjoyed. Mrs. Herbert Whittaker presided at the piano.

RAREST ROSES

The rare and very beautiful Burbank Freak rose in the Chamber of Commerce window, was donated by Mr. and Mrs. Peter Oliver, of Glendale, (429 South Kenwood street).

It fitly occupies the silver vase awarded to the Glendale Chamber of Commerce, at the Pasadena Tournament of Roses, last January. On the Oliver place are 140 rose plants, embracing 75 varieties. That does not include little Dorothy, the rarest of all, and the first living rosebud in the Glendale Garden Society, in which her parents are prominent among its practical, producing members. They found at the Pasadena Rose Tournament that they had nearly all of the best and rarest specimens there exhibited, and they have since completed the list.

Their marked success with roses is due largely to the way the plants are treated.

Irrigation is very important. The first year they dug a deep ring around each bush and filled it with water twice. After the water has settled down out of sight the second time, the earth was filled in again, level with the surface of the ground.

The second year, (which is this year with those plants,) they irrigated only every two weeks. After this year, they will need irrigation but once a month, during the dry season only.

They are making a specialty of roses; having found by experience that roses give most satisfaction, with least care.

The ground is kept loose around the roses all the time; and fertilized every two months. The plants are pruned back twice a year. The whole place is a bower of roses from the street, almost to the house, and then across the lot. It is a place of the Queen of Flowers; a rarely beautiful sight, well worth going miles to see.

Secretary Glendale Chamber of Commerce.

PICNIC AT EAGLE ROCK PARK

The "Deutschen Verein," the senior German club of the Glendale high school, are enjoying a picnic at Eagle Rock Park to-day. About twenty-five members of the club are enjoying the beauties of the park and loyally devouring wieners and sauer kraut.

ANNOUNCEMENT PARTY

KATHERINE HOBBS ANNOUNCES HER ENGAGEMENT TO NOBLE S. RIPLEY

Departing from their established customs, the Girls of the Round Table and the Lucky Thirteen assembled in joint session at the Hobbs residence on Central avenue Wednesday evening as the guests of the Misses Katharine and Dorothy Hobbs. The meeting was unusual in that the "object" remained unstated until practically all business had been concluded.

On arriving at the home of the hostesses the members of the two bodies, augmented by several non-members, were much surprised at the beauty of the floral decorations. The rooms were profusely decorated in lavender wistaria in combination with pink Cherokee roses gracefully drooping from Japanese parasols depending from the electroliers. Favors, place cards and other appointments suggested Nippon land.

The interval preceding luncheon was pleasantly spent in social conversation and Five Hundred. In the latter diversion the first prize was won by Miss Evelyn Kent while the consolation prize went to Miss Esther Jones.

At eleven o'clock luncheon was announced, during the course of which the real object of the gathering was revealed by little Mary Pauline Craig.

Attired in a charming Japanese gown, this tiny miss, with appropriate remarks, presented to Miss Katharine Hobbs a beautiful solitaire diamond ring, signifying the engagement of the latter young lady to Mr. Noble Ripley of Tropic. Thus was announced the engagement of two of the most popular young people in the community.

Those in attendance on this delightful occasion were: Gladys Hamilton, Gladys Anderson, Alice Grey Beach, Evelyn Kent, Vera McPherson, Mae Church, Mrs. Dorothy Young, Ruth Williams, Mrs. Janie McKelvey, Dorinda Haviland, Lois Candee, Blanche Shea, Esther Jones, Olive Moffitt, Edna Brown, Essie Hamilton, Ruth Ryan, Pauline Hamilton, Mrs. Craig, Mrs. Coole, Mrs. Spear, Mrs. Tiffany, Amy Miller, Miss Myers, Mrs. Goodrich, Mrs. Bennett, Mrs. Griffin, Mrs. Carmack, Mrs. Logan, Mrs. Stephenson, Mrs. Hobbs, Mary Pauline Craig.

PARTY IS PATRIOTIC

Mrs. C. M. Wood of 740 Verdugo Road entertained on Thursday at a charming "patriotic" party for Mrs. Chas. F. Rader of Denver, Colo., a sister of Mrs. Wood, who is visiting here. Progressive whist was enjoyed by all, after which dainty refreshments were served. Red, white and blue flowers were used for the decorations. The guests were: Mrs. Herman Nelson, Mrs. N. A. Powers, Mrs. Frank Leslie, Mrs. Geo. Duffet, Mrs. James Ewins, Mrs. Connors, Mrs. J. R. Mitchell, Mrs. F. Jones of Glendale, Mrs. Peter L. Ferry, Mrs. M. J. Gavin, Mrs. O'Brien of Tropic, Mrs. L. C. Davis, Mrs. Emil Voseipka, Mrs. J. C. Lane, Miss Keihl of Los Angeles, and Mrs. H. L. Ginniman of Peoria, Ill., and the guest of honor.

ART AND TRAVEL SECTION

The Art and Travel Section of the Tuesday Afternoon club will meet Monday at the home of the curator, Mrs. Charles M. Turck, 521 North Glendale avenue, Tropic. The ladies will travel to Venice, Italy, and will visit all the important places of interest in that romantic city, including St. Mark's Cathedral. The section meets at 2 o'clock.

HONOR GUESTS AT RECEPTION

Mrs. Adelaide H. Imler of the Department of Instruction of the W. R. C. of California and Nevada, accompanied by Mrs. Ada Atkinson, President of the N. P. Banks corps, and Mrs. Priscilla Houdyshel, Treasurer, went to Norwalk Saturday, where they were guests of honor at an elaborate reception given for officers of the corps.

DWELLING DESTROYED BY FIRE

The boys from Fire House No. 1 answered a call Saturday morning about 10:30 o'clock from the home of G. Randall on Sycamore Canyon road. The blaze was caused by a distillate burner, and a shortage of water kept the fire boys from saving the house, which was a one-story structure owned by A. B. Carr.

Must Sell For CASH

To Our Customers:

We are taking this means of notifying our customers that on
and after Monday, April 23rd, we will operate our stores on a cash
on delivery basis only.

We have taken this step only after a careful survey of the mar-
ket conditions as they are at present, and as they are liable to be
for some time. We are not pessimistic as to the final outcome, but
present conditions are as follows:

The mills of California will not take orders for carloads of
grain of any kind. They will sell us only small quantities, such as
three to five tons at a time. They demand Net Cash for all their
goods and can not tell us when conditions will be any different. It
takes to-day fully 75 per cent. more money to finance our business
than it did a year ago; this on top of the fact that feeds of all kinds
are very much higher than even three months ago, makes it neces-
sary for us to take this step.

We wish you to know that we have valued your past patronage
and it is only conditions, with which you are familiar, that make
this step necessary now. We hope for your future business and we
are positive that this new arrangement will be of mutual benefit.

Thanking you for your co-operation, we are

Sincerely yours,

HELP SELF POPULARITY

It was plainly demonstrated Saturday in the opening of the Glendale Groceteria at 338 South Brand that the citizens of Glendale heartily approve of waiting on themselves. At 8 o'clock the doors were thrown open to the public, and at once a procession of people began to pass through the turnstile and saunter about in the store room, taking time to make careful selections of what they wished to purchase. All articles of merchandise bore a plainly marked price, making it easy for the purchaser to determine the exact cost of his purchase. When the shopper got ready to leave the store the cashier at a desk near the place of exit reviewed the contents of the basket and the transaction was completed without expense for clerk hire, bookkeepers and delivery wagons.

CAN YOU

Afford not to secure all the insurance you can possibly pay for in these days of uncertainty?

Conscription up to age 48 is the program which, it seems, is likely to go through right away. If our company will take you at regular rates, with no war-clause of any kind in the policy, you ought to jump at the chance "like a bass at a spoon-hook." Don't delay. Possibly in a few days or weeks you may not be able to insure in any company at any price.

ELECTRICITY THE MODERN SERVANT

- Electricity, operating in many ways, has created comfort-factors that have carried the world out of the Darkness of Drudgery into the Light of Convenience.
- It has more than any other agency enhanced the Comfort, Health and Happiness of mankind. The same current, carried by simple little wires, serves us with Light, Heat or Power. It carries our burdens, it transports us from place to place, it lights our homes, stores and streets and affords us protection.
- Electricity does our sewing, cooking, washing and ironing. It cleans the home and keeps it free from dirt and germs. It supplies warmth in winter and cool comfort in summer. Electricity finds no duty too heavy, no task too delicate. With wonderful adaptability, always under control, it is powerful enough to drive ponderous machinery, gentle enough to operate an electric fan or warm the baby's bottle.
- Whatever Electricity does, it does in a Safe—Silent—Clean—Speedy and Thorough way. Electricity is always at hand. It obeys instantly. It never sleeps, never tires, never refuses. With all of its wonderful advantages, Electricity and the appliances through which it operates are not luxuries. The cost of the appliances and the current to operate them is low. Are you using this modern servant to the fullest advantage?
